EBL Investigator Endorsement Application

The Michigan Lead Abatement Act of 1998 requires certification of individuals engaged in lead-based paint activities in the state of Michigan. Certification requires the individual to meet minimum education and/or experience qualifications, and successfully complete a third-party certification examination. Certification is valid for three years from the date of approval, and, at the end of each three year period, certification in good standing may be renewed by successful completion of a renewal examination.

Endorsement as an EBL Investigator requires that an individual currently be certified as a Risk Assessor, and successfully complete the appropriate proficiency examination.

Please type or print in ink. Illegible applications will delay processing.

1. Individual

Full name: _____

Home address: _____

Soc. Sec. No.: _____
(optional)
